

RITCHIE SHADES FORMER CHAMPION

PRESENT LIGHT-WEIGHT TITLE HOLDER DEFEATS WOLGST

Champion Out Boxes Michigan
Fighter in Five Rounds—"Dutchman" Sinks to One Knee in Sev-
enth Under Shower of Ritchie's
Blows—Crowd is Largest Ever at
Boxing Exhibition in Wisconsin—
Wolgast Claims Foul in Seventh.

Ringside Auditorium, Milwaukee, Wis., March 12.—Willie Ritchie, light-weight champion of the world, earned a shade over Ad Wolgast, former champion, in their ten round bout here tonight.

The champion outboxed the Michigan boy in five rounds and in the seventh round had Wolgast backing away from his punches.

Wolgast sank to one knee when Ritchie landed a shower of blows on his stomach and took the count of four. He rushed at the champion but Ritchie danced away from him.

Two during the battle, Wolgast was warned by Referee Stout for his rough work in the clinches. In the eighth and ninth rounds Ritchie clearly outboxed the "Dutchman." Wolgast rushed at the champion at the opening of the tenth and sent his right and left to Ritchie's face and body and the boy did not give ground and met Wolgast with right and left-jabs to the jaw.

The crowd was the largest that ever witnessed a boxing contest in Wisconsin.

Ritchie Mitchell of Milwaukee outpointed Kid Mahoney of Racine in the semi-windup.

Was Foul in Seventh.

Ad Wolgast was fouled in the seventh round when the champion delivered a hard blow to the Michigan boy's groin, according to a statement of Dr. C. A. Morter, a member of the state boxing commission after Wolgast went to his dressing room and underwent an examination. It was in the seventh session that Wolgast fell on one knee and took on a painful look, taking the count of four.

As it is against the Wisconsin law to render a decision, the result can only be decided by the newspaper writers. The Milwaukee morning papers call the contest a draw, while all the sporting writers of Chicago morning papers with one exception, give Ritchie a shade. The single Chicago paper called it a draw.

Fight by Rounds.

Round one—They did not shake hands. Wolgast shot a right to Ritchie's side and Ritchie came back with two rights to the body.

Ritchie jabbed Ad with a left, the Michigan boy retaliating with two blows to the stomach. It was Wolgast's round by a shade.

Round two—Ritchie planted a right to the body. Fighting at close quarters, Wolgast sent three lefts to the stomach. Ritchie continued to jab Ad's face with left but did little damage. Wolgast warned for rough work. Wolgast sent two short jabs to Ritchie's jaw. Ritchie sent right and left to the former's jaw, making him break ground. Ritchie's round.

Round three—They came to a clinch. Wolgast sent several body blows to the stomach and reached the champion's jaw with a left. Wolgast following with two lefts to the body. Ritchie sent right swing to the jaw. Ad sent left to stomach and Ritchie placed a left on Ad's face. Even round.

Round four—Wolgast sent left to Ritchie's face and Ritchie sent right and left to face. Then sent a terrific left to the stomach. Ritchie sent short right hook to Ad's face. Wolgast sent right and left to body and left to face. Wolgast's round.

DISAPPEARED BECAUSE OF INCURABLE CANCER OF FACE

Man Known as Harry Harrie Who Died in Milwaukee Was Son of Wealthy Parents—Became Broken Hearted Over Physical Ailment.

Milwaukee, Wis., March 12.—That a man who died recently amid squalid surroundings in a south Milwaukee boarding house from an overdose of poison was a member of a wealthy Davenport, Ia., and Los Angeles family, was learned at the county morgue from telegrams received today. The man went under the name of Harry Harrie, but correspondence found upon his body revealed his true name was Horace Greeley Clark. He worked as a laborer.

In a letter from a brother Earl D. Clark, Los Angeles said to be a millionaire, the laborer was urged to come to Los Angeles and make his home there, the brother promising to see that he wanted for nothing.

Mr. and Mrs. D. Carson, Davenport, Ia., arrived at the morgue yesterday and claimed the body as that of Mrs. Carson's brother. They had it taken to Forest Home, where it was cremated.

They left the city last night. Clark's father is said was a millionaire. Clark had suffered from cancer of the lungs.

Communicated With Relatives.

Los Angeles, Cal., March 12.—The mystery surrounding the sudden disappearance of Horace Greeley Clark in Chicago in 1902 today was solved by his brother, Earl D. Clark, who explained that the man known as Harry Harrie had planned the disappearance because of an incurable cancer of the face.

"Much that has been written about the case was entirely untrue," said Clark. "My brother was a divorced man and was not on his wedding journey when he disappeared. Just why he dropped from sight as he did, I don't know but I suppose he felt he had to disappear in some way as he had become broken hearted over his physical ailment."

After a year he informed other relatives of his whereabouts and the reason for his having dropped from sight. Since then we have been in communication with him. I frequently sent him money and was planning to have him visit me here if he was able to stand the trip."

OVERCOME BY SMOKE

Bridgeport, Conn., March 13.—Three men are dead and a fourth is dying as the result of having been overcome by smoke in a fire in a tenement in the Italian section of the city early today.

MEXICAN FINANCES.

Mexico City, March 12.—As a substitute for the discarded scheme of establishing a federal bank, the government is seriously considering a plan by which local banks of issue will supply the government monthly with 15,000,000 pesos. To guarantee the banks for its outlay it is proposed that the government pay them the customs receipts which amount approximately to 2,000,000 pesos monthly and the revenues to be derived from special taxes on incomes in the capital. It is estimated that special taxes will aggregate 80,000,000 pesos annually.

POWDER EXPLOSION.

Cairo, Ills., March 12.—An explosion at the Miami Powder company's plant, thirty miles north of here this afternoon completely demolished the mill and caused the death of Frank Rulledge, and probable fatal injuries to William Davis employee at the plant. Rulledge died shortly after being taken to a hospital. Little hope is held out for the recovery of Davis.

PROSECUTOR ARRESTED.

Terre Haute, Ind., March 12.—Joseph Roach, special prosecutor in the election return cases, was arrested late today after he had broken in a door of an election booth, where, he declares, he discovered illegal voting. Roach was charged with carrying concealed weapons and was released upon bond of \$200.

WOMAN SUFFRAGE ASSURED.

Copenhagen, March 12.—An agreement reached today between the socialist, radical, and moderate parties which control majorities in both houses of parliament, assures the passage of a constitutional reform bill under the provisions of which all electorate property qualifications are abolished and suffrage is granted women.

JOHNSON FORCED TO LEAVE.

Stockholm, March 12.—"Jack" Johnson, American negro pugilist, who was to have engaged in wrestling matches with Jesse L. Pederson and others in Gothenberg has been forced to leave Sweden owing to the hostile demonstration against him.

Wolgast was again warned by referee for rough work.

Ritchie jabbed Wolgast to the body as the round ended. Ritchie's round.

Round ten—The boys shook hands. Ritchie sent left to Ad's stomach and followed with right to head. They fought at close quarters. Wolgast sent two rights to Ritchie's stomach. Ritchie sent in three jabs and they clinched. Wolgast sent left to Ritchie's jaw but his blows seemed to lack steam. Ritchie sent right to Wolgast's chin and Wolgast responded with right and left to body. Ritchie jabbed Ad's face several times. Wolgast sent a shower of blows to Ritchie's stomach but the champion did not wince. Wolgast fought fiercely landing twice on the champion's jaw. The round ended even.

Round nine—Wolgast sent left to Ritchie's stomach and they clinched. Ritchie sent right to face. Wolgast sent left to face and Ritchie returned with an upper-cut. Wolgast put a hard right to Ritchie's body.

ELGIN BUSINESS MAN FOUND WITH THROAT CUT

Coroner's Jury Return Verdict of Probable Suicide in Death of D. H. Graves.

Aurora, Ill., March 12.—The body of D. H. Graves, 45, an Elgin, Ill., business man, who has been missing since last Tuesday was found today on a farm near St. Charles, Ill., with the throat cut.

The police are inclined to believe the man ended his own life but can not account for the fact that no knife, razor or other weapon has been found near where the body was discovered.

Failure to learn any motive for the murder of Graves caused the coroner's jury to return a verdict of probable suicide.

Fred Sprat who discovered the body on his father's farm, testified he had searched for a knife but had been unable to find one. Graves had not lived at home for some days before his death. His home was under quarantine because of the illness of his daughter. Relatives of the dead man testified that he had acted queerly for some time.

Graves' body was found less than a mile from the spot where Mrs. Mildred Allison-Rexroat was murdered by Henry Spencer, who is now under sentence of death in Wheaton. The body of Cassius M. Fairman, a wealthy broker of Oak Park was found on the railroad tracks about a week ago.

CLEVELAND WOMAN TIED TO BED AND SLOWLY HACKED TO DEATH

Frank Stickel Held for Brutal Killing of Mrs. Anna Prodigil—Is Believed to be Insane.

Cleveland, O., March 12.—The police tonight preferred a charge of first degree murder against Frank Stickel, aged 22, arrested today in connection with the killing of Mrs. Anna Prodigil, 40. This action was taken, they said after he had received a complete confession from Stickel.

Stickel's father, on being summoned to police headquarters, informed the police that his son was insane. The police have ascertained that the boy's dead mother was formerly an inmate of an asylum.

The killing of Mrs. Prodigil, who was house-keeper for the elder Stickel was among the most brutal in local police annals. She was tied to a bed last Wednesday evening and slowly hacked to death. A policeman, passing the house today, heard screams and rescued her, but she died shortly after being removed to a hospital. Thirty five distinct wounds were found on the body.

PLAN WOULD ENCOURAGE
MEN TO LEAVE THEIR WIVES

NEW YORK, March 12.—"Grazwidows should not be pensioned," declared Miss Grace Strachan, president of the Interborough association of women teachers speaking today before the commission appointed at Albany last year to report a plan for pensioning widowed mothers with dependent children. They should not be pensioned she continued, "for the simple reason that such a plan would encourage a good many men to leave their wives."

WORTHINGTON WILL BE
COMPELLED TO TESTIFY

CHICAGO, March 12.—John W. Worthington and Harry Thomas, accused of obtaining money under pretense of being brokers, \$7,000 in securities from the Central Savings Bank of Waterloo, Iowa, were arraigned before the United States commissioner here tonight. The hearing was continued for ten days at the request of Worthington's counsel.

Worthington refused to testify before the United States referee on the ground that he might incriminate himself.

Counsel for the receiver of the Central Trust company, announced an order would be sought tomorrow when the bill was passed, but flatly denied knowledge of any lobbying efforts to prevent passage of the present bill.

ARRAIGNS AMERICAN WOMEN.

London, March 13.—The Daily Mail's Paris correspondent discussing the campaign of the women's patriotic league against extreme styles of dress gives an interview with a prominent French dressmaker who arraigns American women as being chiefly responsible for daring innovations in fashions.

"The American and not the French women created the demand for risque dresses," the dressmaker is quoted as saying.

The French initiated the mode but the Americans degraded it outrageously. The slit skirt and transparent corsage are made in nine cases out of ten for exportation. The Parisienne knows just how far to go but for our American customers nothing seems too daring."

Page Target of Inquiry.

Walter Hines Page, American ambassador to Great Britain, was made the target of inquiry today in a resolution adopted by the senate calling upon the secretary of state to investigate alleged public assertions by the ambassador relative to the Monroe doctrine and the Panama canal.

GENERAL VILLA'S DELAY ENCOURAGES FEDERALS

DELAY IN MOVING SOUTH GIVES HUERTA SUPPORTERS CONFIDENCE

Rebel Commander Will Meet With More Stubborn Resistance Now at Torreon Than He Would Have Encountered Had He Marched Several Weeks Ago.

Chihuahua, Mex., March 12.—General Huerta's announcement at Mexico City that the federal army had been ordered to assume the offensive against the rebels, has been put in effect at Torreon according to reports which came from that city today.

Actuated by the belief that General Villa's rebel forces, scattered at points between here and Torreon have delayed indefinitely their threatened advance, the federal soldiers equipped with new field pieces and an abundance of ammunition, are reported to have moved toward the rebel outposts in great numbers.

General Villa's delay in moving south, according to the reports from Torreon, has greatly encouraged the federal garrison and has done much to remove the terror of Villa's name which it was first thought might cause the federales to evacuate their northern stronghold without a fight.

Even if General Villa, at the head of his army, which he says numbers 12,000 men, advances on Torreon, within a few days and attempts to carry the city by assault, he will meet with a more stubborn resistance than he would have encountered had he marched south six or eight weeks ago say couriers who arrived from the south.

While General Villa has remained here, three hundred miles north of the federal garrison, attending chiefly to civil affairs, the federales at Torreon under General Refugio Velasco, are reported to have extended their outposts to Mapimi, (Bermijillo and other points fifty miles outside the city. Small but unimportant skirmishes already have taken place.

Villa Not Slayer of Benton.

El Paso, Texas, March 12.—Information that evidence thus far gathered by the Carranza commission indicates Major Rudolfo Fierro as the slayer of William S. Benton, a British subject assumed importance tonight with the arrival of American passengers from Chihuahua with reports not confirmed that Fierro had been arrested charged with the murder of two Mexican railroad men. It is said also that the commission gathered evidence that Col. Fidel Avila in command of the garrison at Juarez ordered the execution of Gustav Bauch, a German-American, who was tried as a spy, but in whose case no verdict was rendered. Rebel officers at Juarez and at Chihuahua repeatedly have denied he was killed.

While the investigators have declared to have been convinced that it was Fierro and not General Benton they did not expect he would live to face that particular charge. He was in Villa's office when Benton was killed and is said to be a distant relative of the rebel chief.

Bauch, it is said, was not executed until two days after Villa left Juarez.

Whether Avila had orders for the execution is not known but it is known that evidence thus far gathered indicates he ordered the execution of the German-American.

Developments connecting Fierro with the Benton case have been looked for since last Monday when the sudden announcement was made that Fierro had been succeeded as general manager of the rebel railroads by Eusebio Calzado.

Worthington refused to testify before the United States referee on the ground

WRITES ABOUT WOMEN OF JACKSONVILLE

Miss Marion Walters for the Chicago Tribune Visits This City and Sends Home Her Impressions.

The Chicago Tribune has on its staff Miss Marion Walters whom it has sent to various places about the state writing up the activities of her sisters since they have had the ballot. The young lady came to Jacksonville and sent in her impressions. She said the women of the place would go to work to have the city pass under the general school law next spring, electing seven members at large as they regard the present law antiquated and obsolete. They do not charge graft, but claim that the members fail to work together.

She got things a little mixed when she said that S. W. Nichols, a member from one of the wards, had practical ideas of beautifying school yards and had carried them into effect in his own ward, but in the others nothing had been done and that he turned the school yards into playgrounds for all the children of the city. Further Miss Walters says:

It is understood that there will be no women candidates for board members this spring as things cannot be much improved. Mrs. Lillian Danskin, leading member in the Woman's club and on the firing line in the wet and dry fight, is a possible candidate for mayor next spring.

The Civic league and the Woman's club will co-operate with the Chamber of Commerce in giving Jacksonville a thorough cleaning up beginning April 1st. They intend to teach careless merchants how to care for back yards and Mrs. Danskin declares there will be no cans to tie to dogs' tails after April 7th.

Some of the ladies who mean to take part in the work are Mrs. David Reid, Mrs. William Newman, Miss Annie Hinrichsen, Miss Louise Capps, Mrs. E. C. Cleary, Mrs. E. P. Kirby, Mrs. C. C. Patchen, Mrs. J. R. Stice, Mrs. T. H. Buckthorne, Mrs. James G. Strawn, Mrs. W. S. Badger, and Mrs. A. L. Adams.

The recent election on wet and dry gave the drys a majority of 2,404, but the men only gave the dry side 77 majority. The ballot caused no disagreements among the ladies, but the contrary. The ladies helped defeat the proposition for a bond issue. They are also at work with the Chamber of Commerce to get a rest room established.

In general the writer gives a rosy account of woman's suffrage and what it has accomplished and plans to do in Jacksonville.

We have now a complete showing of early millinery. FLORETH COMPANY.

POULTRY MEN MEET IN ANNUAL BANQUET

ADDRESSES BY FANCIERS OF STATE-WIDE NOTE.

Morgan County Poultry Association Holds Fourth Annual Gathering in Odd Fellows' Temple With Excellent Attendance—D. T. Heimlich Serves as Toastmaster.

The fourth annual banquet of the Morgan County Poultry Association, held at 8:00 o'clock Thursday evening in the Odd Fellows' Temple, East State street, in point of attendance and enthusiasm manifested was one of the most successful events of its kind which has taken place for several years in this section of the state, according to David T. Heimlich, the toastmaster of the evening, who, in his long term as a poultry judge and fancier has been present at many such functions. Several men of state-wide note appeared in the list of speakers as Harry C. Wilhite of Greenfield, president of the Greene county association and an exponent of progress toward good roads and I. A. Engle of Latham, Ill., who is well known as a poultry judge. Especially instructive was the paper by Dr. A. W. Foreman of White Hall, one of the veterans in the business, who discussed methods of judging and standards. The local men who appeared were J. J. Reeve, president of the Chamber of Commerce, Frank Byrns, a representative of the Jacksonville business men and L. B. Potter of the Jacksonville creamery.

The menu was an excellent one and did full justice to the work of the banquet committee: Mrs. Allen Franz, Mrs. James C. Weber, Mrs. Lambert Hastings, Mrs. W. P. Berry, Mrs. John W. Clary and Mrs. David T. Heimlich, chairman. John W. Clary, David T. Heimlich and James C. Weber composed the committee on program. John W. Clary, president of the association, brought the gathering to order and called on the Rev. I. A. Engle of Latham for the invocation. In introducing the first speaker, J. J. Reeve, the toastmaster spoke of the friendly relations between the association and the Chamber of Commerce and mentioned the aid given by the latter organization at the time of the annual show.

Several visitors were present from out of the city, including, besides the speakers, Mrs. J. G. Kelly of White Hall, Miss Louis Meisenbach of White Hall, Dr. C. D. Center of Quincy and Herschel Shaefer of Beardstown. Mr. Reeve spoke on the importance of the poultry industry in Morgan county.

Mr. Reeve's Address.
"In Illinois" Mr. Reeve said, "the value of poultry products is second only to corn. In Morgan county, the annual value of poultry and eggs is estimated at \$262,450. For outlay of money and time spent I know of nothing that will bring better return than the poultry business."

Mr. Reeve commented on the increasing practice of sending eggs by parcel post. "There are people in Jacksonville" said Mr. Reeve, "who receive eggs by mail twice each week with practically no loss from breakage. Shipping cases have been brought to a high state of perfection and the eggs can be sent at a nominal cost. This practice cannot become general however, without better roads.

"I do not wish to become sidetracked on the good roads proposition but I will say that good roads are coming and the people might just as well get behind them. There is a duty no man should escape and no man should want to escape the duty he owes the community. We should get together and make Morgan county a unit for civic betterment, for securing better roads and better living conditions and making this locality one of the beauty spots of the state of Illinois."

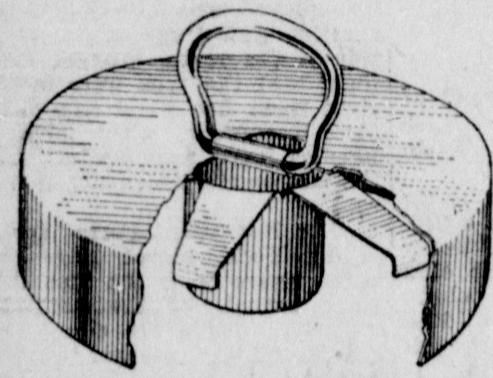

"Poultry and Good Roads." "Poultry and Good Roads" was the subject of Harry C. Wilhite of Greenfield. Mr. Wilhite is president of the Poultry Association of Greene county and has been prominently connected with the movement for the "Burlington Way."

"I want to say to you people of Jacksonville that before next fall you will be living on one of the best marked trails in the west. I felt a little hurt at Jacksonville at first because of her indifference toward the work of this St. Louis-Burlington highway, but I feel more cheerful now and am confident that you will do all in your power for the good of this new road."

"In beginning the poultry business do not be afraid to start with the best. You may not be able to buy the best birds the fancier has to offer, but you can at least obtain good eggs and these eggs will produce high class birds. A common fowl will eat as much as a pure bread fowl and he who tamps with scrub stock does so at his loss. Living expenses are growing higher and the best way to keep ahead of rising prices is to get into the producing business. Nothing is easier for the man of moderate means to produce than poultry and eggs. They can be consumed at home or marketed at a distance. Poultry raising is the poor man's way to independence. In the words of your president, I would rather be a humble chicken raiser and live on the Burlington Way than have my land adjoin the Burlington railroad itself."

A Man of 35 Years Experience.
The next speaker on the program, Dr. A. W. Foreman of White Hall, has had thirty-five years experience as a breeder of poultry although, as he says, "it was never for profit." Dr. Foreman is among those who employ poultry culture as a mode of recreation and he is well versed in chicken lore and made some excellent suggestions with regard to nomenclature and judging. Follies and some Follies in Poultry Culture," and he used as an illustration the proceedings of the American Poultry Association, itself, which held its latest session last summer in Atlantic City. He described the idea of judging birds on symmetry and struck a blow at all comparison shows, saying that they are guesses and nothing more. The only way to judge, he stated, is to use the score card method.

"I am merely a novice in this game, hence I want all the opportunities I can get for an education. What does the comparison show offer the novice? Not a thing. In score card shows the contest between two or more birds is often determined by a small fraction of one point. The loser is this case gets no premium, but he gets a score card which may be worth much more to him than the premium which he lost would have been. But had it been a comparison show he would have got no premium nor anything else.

Every one who has had much experience in showing poultry knows that there is little or no money in that there is little or no money in good birds he is justly proud of them and likes to show them. If he is in the business it advertises his stock. So far as I am concerned I would not give two cents for a comparison show. I understand well that fanciers fare much better at these shows and they know it better than any body else and that is the reason why they are almost a unit in favor of comparison shows. So much for the two kinds of shows. I want to congratulate the Morgan County Poultry Association for having the good sense to stick to the good old Score Card Show. Greene is still doing the same but I suspect if it ever changes to the Comparison show it will have at least one member less.

Poultry at the University.

L. H. Potter of the Jacksonville creamery, spoke of the work in poultry culture at the University of Illinois and of his association with there with Prof. D. O. Barto, one of the leading poultry experts of the midwest.

"In the beginning of the poultry department at the University," said Mr. Potter, "they built a half dozen 'A' shaped portable houses placed in the center of many yards and in these houses the first pens of poultry were kept, including Barred Rocks, Light Brahmans, Rhode Island Reds and White Leghorns. Improvements were made as time went on. Concrete houses were built and new varieties were added and the department has grown to considerable proportions. The department is always at your service and the experts at the university are always ready to make any suggestions on the raising of poultry which they may be able."

A Business Man's View.

The business man's appreciation of the work of the association was the keynote of a few well put remarks by Frank Byrns who spoke of the friendly relations of the merchants and the poultry men and assured them of further co-operation when shows are held in the future. The retailers of Jacksonville appreciate the fact that a larger per cent of the farmers of Morgan county trade at home than in almost any county in the state and are always interested in the movement for more general poultry culture and in all projects for rural betterment. He said that the Chamber of Commerce would be glad to have the poultry association make use of their rooms for purposes of meeting.

The program was concluded by an address by Rev. I. A. Engle of Latham, minister, poultry judge and White Leghorn fancier. Rev. Mr. Engle gave personal experiences of his success with White Leghorns, stating that he did not get discouraged, but charged expensive mistakes up to his account for experience and went ahead. Every mistake has a money value, he said. A successful poultry breeder must be a man of industry and honesty and must not have the word discouragement in his vocabulary. He must also be a man of broad vision. The subject of Mr. Engle's address was "The Marks of an Honest Breeder."

ROTT COLLEGE WILL PLAY WHITE HALL HERE TO-NIGHT

Fast Contest is Expected at Liberty Hall—Locals Are Confident of Winning.

Tonight at 8:30 o'clock at Liberty Hall, the Rott College High school team will meet the White Hall High school team in a basketball contest, which is expected to be exceptionally fast.

Earlier in the season when the locals went to White Hall they were defeated by a score of 34 to 8 and the Rott players are determined to vindicate themselves by winning by a decisive score tonight. White Hall was defeated by the Jacksonville High school, by a large majority of points and the fact that Rott defeated the J. H. S. team makes them all the more confident of winning.

Their confidence, however, is not such that they are not preparing for a hard contest, as was evidenced in the practice Thursday afternoon.

The line-up of the two teams will be:

White Hall—Baldwin, c.; Roodhouse and Bridgewater, guards; Hamel and Selby, forwards.

Route—Groves, c.; Walsh and Clancy, forwards; Frelich and Maloney, guards.

Miss Bessie Zackery of Orleans is visiting her brother Marion Zachary in Sinclair.

BOY IS SEVERELY BITTEN BY DOG

Face and Neck of Five Year Old Son of Mr. and Mrs. William Norman of Litberry Badly Lacerated.

Paul, the five year old son of Mr. and Mrs. William Norman of Litberry, was badly bitten by a dog at his home Thursday. The animal, which is owned by a neighbor, was lying on the porch at the Norman residence and after the little boy went out of the house his parents heard him scream. It is not known whether he struck the dog. He was bitten in seven or eight places about the face and neck and only for the fact that the dog is old and only has a few teeth, the boy probably would have been more badly injured.

Dr. H. C. Fortune was called and gave the boy the necessary attention, and although he was suffering great pain last night, nothing serious is expected to result.

BLIND BOONE CONCERT WAS GREAT SUCCESS

The Blind Boone Concert company was heard at Grace church last night by a large audience, under the auspices of the Brotherhood. Beside Mr. Boone the other members of the company were Miss Jessie Brosius, mezzo soprano and Miss Emma Smith soprano.

There is scarcely a person who has not heard of Blind Boone and of his wonderful musical ability. He will be forty seven years old next birthday and has been giving concerts for 33 years. He is certainly a musical prodigy and from Chopin down to the latest rag-time he is equally at home. He has composed a number of pieces which have been played all over the country. He was enthusiastically received last night by the large audience present and his ability is certainly marvelous. In Miss Smith and Miss Brosius the company has two strong persons, both singing with intelligence and in every way the concert was a success.

Among the Jacksonville visitors from Murrayville yesterday were E. A. Whitlock, J. C. Covington, T. J. Langdon, Mrs. Harry Strang and Mrs. Justin C. Wright.

Clifford Vanzandt has been in the city a day or two visiting parents and friends and representing the house for which he travels. He is looking very well and is the same old Cliff as ever.

L. C. Hackney of Arenzville visited Wednesday night with his friends L. J. Jordan and family while on his way from Pike county and yesterday proceeded to his residence in Arenzville.

Miss Lora Petefish, who has been spending the past two months in Springfield where she took a course in china painting, has returned to her home in Litberry. She was accompanied by her sister-in-law, Mrs. A. E. Petefish of Springfield, who will visit in Litberry.

DISCUSSES WAR TIME DATA

Writing to a Jacksonville friend concerning a review of his book which recently appeared in the Journal and a communication relating to it from Major King of this city, Elijah R. Kennedy has the following to say:

"It is very interesting to read the details of historic events when they are described by individuals who shared in the occurrences. There is a vividness and obvious truthfulness in Major John N. King's statements about the Battle of Cerro Cordon, which appeared in the Weekly Journal of the 25th of February. At the same time I am not prepared to concede that there is any error in the statements concerning that battle which appeared in my book 'The Contest for California in 1861.' On page 104 I quote from the official report of General Twigg's, where he speaks of 'the command of the brigade devolving upon Colonel Baker who conducted it with ability.' On pages 104 and 105 General Scott's reference to the matter is as follows: 'The brigade so gallantly led by General Shields, and, after his fall, by Colonel Baker, deserves high commendation for its fine behavior and success.' I think, too, that Major King's own recollection will probably justify my statement that this flank movement ordered by General Scott, begun by General Shields and carried through by Colonel Baker, compelled the Mexicans to divert troops from their centre and thus enabled General Scott to advance directly in front and win one of the most brilliant battles of the Mexican war.

"The responsibility for the battle of Balls Bluff is fully and thoroughly discussed in the book. I agree with Miss Anna Dickinson, quoted by a Journal writer, that General Stone was unjustly treated. After the battle he was imprisoned for months while no charge was formulated against him and he was finally liberated without trial or any opportunity to prove his innocence of the intimations of disloyalty which were abroad. However, I think the entire responsibilities for the movement across the river at Balls Bluff is distinctly proven to have rested upon General Stone. General McClellan testified on oath before the Congressional Committee on the Conduct of the War that when he asked General Stone to 'keep a lookout' upon Leesburg, a small town three or four miles back from the river, he had not the slightest idea of such an advance in force across the river as General Stone ordered.

"Baker had no idea, until well into the morning when he crossed, that he was to be in the movement at all. He expressed great incredulity that General Stone really intended to order a large force to cross with the absurdly inadequate means of transportation that General Stone had prepared. I think Major King errs in regard to military law when he says that Baker might have assumed command above Stone, who was only a Brigadier General, while Colonel Baker had in the pocket of his coat a commission as Major General signed by President Lincoln. When an officer in command is disabled there are rules governing the succession to command on the instant, but General Stone was assigned to the command of an entire division while Baker was assigned to the command of a brigade; and although he held the commission of Major General, he had no right whatever to displace General Stone, or in any way change that General's orders.

"Faithfully yours,
Elijah R. Kennedy."

BIG MINSTRELS COME TONIGHT.

At the Grand tonight Messrs. Primrose and Dockstader, the re-united veteran minstrel stars and their combined organizations will be the attraction. After a separation which had existed for nearly ten years, during which time these distinguished artists headed their own respective companies, last season they decided to pool their fortunes and to present to theater-goers a big spectacular revival of 20th century minstrelsy. The success of the undertaking was immediate. Prominent among the assisting artists are Raymond Wylie, the phenomenal male soprano; the Six Musical Brown brothers, instrumentalists extraordinary, which is said to be the greatest musical organization on the American stage; "Happy Jack" Lambert, distinguished interpreter of negro characters; the Four Meteors, an exceptionally brilliant coterie of vocalists and many others of equal distinction. Messrs. Primrose and Dockstader have given their revival of old time minstrel minstrelsy a most magnificent scenic and costume investiture. A street parade will be given today at noon, headed by Messrs. Primrose and Dockstader.

RETURNS FROM VISIT IN SOUTH.
S. T. Erixon returned yesterday from a trip which took him far south as New Orleans. He came back home through Missouri and stopped at his farm near Bowling Green, in Louisiana and some other southern states. Mr. Erixon says that the tariff changes have had a bad effect on the sugar industry and a number of plantations have been abandoned so far as sugar cane is concerned. The country there is generally prosperous, however, as the last cotton crop was so satisfactory.

CAPTAIN OF ALERTS

DIES IN CHICAGO
Martin Cobbs, Former Resident of Jacksonville and Great Admirer of Popular Pastime, Called By Death.

Martin Henry, eldest son of Samuel and Sarah E. Cobbs, was born in Jacksonville, Morgan county, Illinois, September 30, 1849, and passed peacefully on at his residence, 1900 Marshall boulevard, Chicago, on Saturday afternoon, 17 minutes after 1 o'clock, March 7, 1914, from an acute stroke of apoplexy, aged 64 years.

Mr. Cobbs was actively engaged in the grocery business with his nephew, Samuel H. Ervin, in this city for nearly nineteen years. Mr. Cobbs, although exceedingly quiet, modest and reticent to a remarkable degree, yet he was a faithful, quiet, modest and efficient clerk, having the respect and confidence of all the community as an honest and upright citizen. Mr. Cobbs, a bachelor, went to live in Chicago nearly five years ago and lived with his sister, Mrs. Mary A. Ervin, now living in the city of Riverside, Cal.

Mr. Cobbs on his 60th birthday suddenly became blind and for more than four years was an inmate of the Industrial Home for Blind in Chicago. Mr. Cobbs was an enthusiast and great admirer of the deservedly popular game of baseball, having been the captain of the Alerts in Jacksonville, one of the pioneer amateur baseball clubs of nearly 40 years ago.

Mr. Cobbs leaves surviving him his sister, Mrs. Mary A. Ervin, and Etta M., her daughter, at Riverside, Cal., a brother, Bailey B. Cobbs, in Chicago, besides an aunt, Julia A. Dawson, and uncle, Bailey D. Dawson, and several nieces and nephews.

Funeral services were conducted by Rev. George H. Vibberts of the James C. King Home, in the Oakwood chapel at 2 o'clock p. m., March 10, 1914, and Mrs. Edith Woll of Sumatra, Montana, sang touchingly "Lead Kindly Light," accompanying the song by playing the chapel organ. The services were brief and impressive, and Mr. Cobbs' remains were cremated in the Oakwood cemetery crematory.

The new Normandy and Vandebilt collars are shown by Garland & Co.

LADIES' AID SOCIETY ELECTS.

At the meeting of the Ladies' Aid society of State Street Presbyterian church held with Mrs. E. E. Crabtree at her residence on West State street Thursday afternoon, an election of officers was held. The meeting was attended by a large number of members and after the business session a very entertaining program was given. Miss Mary Wadsworth gave a reading, Mrs. William Barr Brown several vocal numbers and Mrs. Helen Ayers Bullard a piano selection, which were greatly enjoyed. After the program a social time was served. The entertainment and refreshments were in charge of Mrs. J. K. C. Pierson's circle. The result of the election follows:

President—Mrs. William J. Winchester.

Vice president—Mrs. L. W. Chambers.

Secretary—Mrs. Ollie Parker.

Treasurer—Mrs. T. M. Tomlinson. Executive board—Mrs. L. W. Chambers, Mrs. H. H. Bancroft, Mrs. C. H. Johnson, Mrs. Percy Owen, Mrs. James Brown, Mrs. Richard Farris, Mrs. Benjamin Wood and Mrs. John Cherry.

MAKING ADDITIONS TO STATUARY HALL AT CAPITAL

State of Mississippi Seeks to Honor
Memory of Jefferson Davis—Sev-
eral Notable Additions Planned
For Early Date.

Washington, March 12.—A statue of
Jefferson Davis, the President of
the Confederate States of America,
is likely to be added soon to the col-
lection in Statuary Hall in the Cap-
itol. The statue will be a contribu-
tion to the nation from the State of
Mississippi, of which state Mr.
Davis was a resident the greater part
of his life. In addition to the Davis
statue Mississippi proposes to place
a statue of James Z. George in the
hall of fame. Mr. George was a
noted statesman and for many years
represented Mississippi in the United
States senate.

Several other notable additions to
the collection in Statuary Hall are
to be made at an early date. At the
end of next month Florida will set
up a statue of Dr. John Gorrie, the
inventor of the first ice making ma-
chine in the world. The Gorrie
statue will be exposed to public view
for the first time April 30, and there
will be ceremonies attending the un-
veiling appropriate to the occasion.
At a latter date Florida will also
place in Statuary Hall a statue of
Gen. E. Kirby-Smith, one of the not-
ed Florida commanders in the Con-
federate army.

Statuary Hall, as most people know
was established fifty years ago at the
suggestion of Justin S. Morrill of
Vermont, then a member of the house
of representatives. The room which
had in the early history of the gov-
ernment been used as a meeting place
of the house of representatives was
designated a national Statuary Hall
to which each state might send "the
effigies of two of her chosen sons
in marble bronze, to be placed per-
manently here." John Quincy Adams
was stricken with fatal illness in
this hall and died in an adjoining
room.

As the years have gone by states,
with a good deal of deliberation, have
taken advantage of the invitation ex-
tended by congress. Among the first
to respond was Massachusetts, which
placed in the hall statues of John
Winthrop, first governor of the colony
which settled on what is now
Massachusetts ground, and Samuel
Adams, who was prominent in the
Revolutionary War. Virginia is re-
presented by George Washington, first
President of the United States, and
Robert E. Lee, commander of the
Confederate army.

1829—Marriage of the Duke of
Connaught and Princess Louise Mar-
garet of Prussia.

1851—Emperor Alexander II. of
Russia assassinated through the ex-
plosion of a bomb.

1855—England observed a day of
public mourning for the loss of Gen.
Gordon.

1900—Benjamin Harrison, twenty
third president of the United States,
died in Indianapolis. Born in North
Bend, O., Aug. 30, 1833.

1913—Henry F. Hollis was elect-
ed United States senator from New
Hampshire.

THIS IS MY 45TH BIRTHDAY.

Fairfax Harrison.

Fairfax Harrison, who recently
was elected president of the South-
ern Railway Company to succeed the
late W. W. Flinley, was born in New
York City, March 13, 1869. He gradu-
ated from Yale and from the Columbia
Law School and for several years practiced law in New
York. In 1896 he was appointed
solicitor of the Southern Railway
and in 1903 he became assistant to
the president of the company. Three
years later he became vice-
president of the road, resigning in
1910 to assume the presidency of the
Chicago, Indianapolis and Louis-
ville Railway Company. This position
he held until called to the pres-
idency of the Southern Railway last
December. Mr. Harrison is a brother
of Francis Burton Harrison, govern-
or general of the Philippines.

PERCIVAL FULTON WRITES OF HIS BROTHER'S DEATH

Extract of Letter Concerning Tragic Death of Charles R. Fulton.

James Jimson Jones drew fifteen
tones each week where he was clerking
and this good soul deserved his roll,
for he was fond of working. And
every week he used to seek the bank and
there deposit a few iron men—
and that, again, was foolishness—or, was it?
The other boys who sampled joys and pas-
times free and airy, made fun of Jones,
who saved his bones, and shunned diversions merry. "He
never goes to picture shows, or hits the large decanter," they used to say; "the hopeless jay! He should be
canned instanter. He has no
whirls with chorus girls, he does not
class at all, alas, with modern macarons!" The boys grew old who
once were bold and full of pep and
flossy, and, worn and frayed asked
public aid, dead broke and total-
lossy. James Jimson Jones, who
saved his bones, is living in a palace,
and he has bucks to throw at ducks, and diamonds on his gallus.
In youth he worked and never
shirked, though hard was his em-
ployment; his life was clean, and
now, serene, in age he finds enjoyment.

We have just returned from the
saddest mission in our life. Called to
Corpus Christi last Saturday, February
25th, where our oldest brother
was assassinated as he sat signing
his name to the new postmaster's
bond of Clarkwood, a new town
owned and built by his firm, Charles
Richard Fulton died without a word,
as a 45 calibre bullet from a Colt's
automatic pistol crashed into one of
the tenderest human hearts.

Not content with the destruction
of his benefactor, Theodore Merton,
an aged beach comber, likewise at-
tempted to kill Edward Linkenhofer,
former business associate of our
brother, whom he wounded, but fortu-
nately, for provincial reasons,
will recover to be of service to his
wife, children and city.

In relating the cause of the tragedy
Mr. Linkenhofer states the firm had
one business transaction with Merton
a year or so ago, in which they saved to him his equity
in a small piece of property on
which the bank holding a mortgage
had threatened to foreclose. Since
that time the firm recently, February
3rd, taken over by our brother had
assisted Merton financially and other-
wise, being, in fact, his only
source of help in Corpus Christi.
The fraternal orders there will at-
tend to the prosecution of the case.

The awful shock of so sudden and
unexpected death has shocked the
frail invalid wife of the deceased be-
yond expression. The daughters, Hazel
and Carrie, the younger daughter and
housekeeper, is racked by thoughts
of that precious daddy who will
never more return home. Thomas,
the little 9 year old son, does not
realize his loss. He was the good
cheer of the home, the provider of
his loved ones to his best ability,
and so far as this world's goods are
concerned has amply provided for
them against that day when he
could no longer labor for them.

Charles Richard Fulton, eldest
son of Dr. Lee W. Fulton and Annie
King Fulton, was born at New Berlin,
Ill., April 22, 1872. Killed at
Corpus Christi, Texas, Feb. 28, 1914,
in the prime and vigor of manhood.
His immediate family surviving him
are his wife, Sallie Thomas Fulton;
Hazel, Carrie and Thomas, his chil-
dren. The daughters born to him by
his first wife, Betty, the son by
his widow, Sallie. A step-daughter,
Mary Steever of Wichita Falls, Texas,
brother and sisters of both wives,
besides his father's family, two sisters,
Mrs. Anna Fulton Kinsman of
Houston Heights, Miss Mary L. Con-
stanton and wife, Minnie, Dr. Lee W.
Fulton and wife Elsie, of New Berlin,
Ill., Arch C. Fulton and wife,
Jeffie of Houston Heights, besides
nieces, nephews, uncles, aunts and
cousins, who loved him for the man
he was; the brother, the counsellor,
the ever ready helper in time of
trouble, who has covered by charity
any possible sins, he may have unwittingly committed.

The last sad rites at Corpus
Christi were performed by the W. O.
W., of which he was consul
commander, in his late home, assisted by
the other fraternities with which he affiliated.
The body was taken to Pottsville, his former home, rested
in all its sanctity in the house where
he had known his life's happiness,
and followed to the Georgetown
cemetery by the community, where
he was tenderly laid to rest by the
W. O. W. of Pottsville, where the
unbidden tears of loved ones and
friends fell as the drizzling rain.

SHALL WE HAVE THE DEER?

Some People Think Nichols Park Ought to Have Them This Spring.

The suggestion of the Journal re-
garding deer for Nichols park has
met with hearty response from a
number of citizens. One man says
he will give \$25.00 provided the
deer are bought and properly placed
and another has promised \$10.00
and that with no effort at all. Steps
will at once be taken to ascertain
the exact cost of the deer, fence and
shed and when that is done it will
be seen whether or not there are
enough who will supply the necessary
funds for the purpose.

Scarcely anything could be added
to the attractions of the park which
would be more acceptable than the
deer. They are reared in this im-
mediate vicinity so they will be fully
acclimated and they have been bred
in captivity so they will not feel
like prisoners. An ample sized
enclosure will be provided for them
and good quarters and their keep
will not be expensive. They eat
about the same food as a sheep and
are easily cared for. Farther infor-
mation will be furnished as fast as
possible.

You will be surprised and delight-
ed with Parisian Sage. Try at least
one fifty cent bottle. Coover &
Shreve will refund the purchase
price if you are not satisfied.

WELL KNOWN ELECTRICAL EXPERT COMES TO JACKSONVILLE

Miss Lippincott, of Harrison, N. J., will instruct consumers in this city as to the proper method of lighting their homes.

The Jacksonville Railway & Light company have secured the services of Miss Lippincott of Harrison, N. J., an expert on electrical illumination in the home, to demonstrate in Jacksonville homes for the next few weeks how to obtain the best light effect with the minimum use of current. The Jacksonville Railway & Light company have secured the services of Miss Lippincott at their own expense and she will visit as many homes as possible while she is in Jacksonville, and will show them, as only an expert can, how they can get better results at a saving in current.

Expert in Her Work.

Miss Lippincott is from the Edison Lamp works of the General Electric company, where she has been educated thoroughly in electrical work in the factory where the latest and best electrical appliances are made.

She has a practical knowledge of the various electrical problems that confront the modern housewife. She knows all of the latest ideas on the proper way to economize in the use of electric current, but not at the expense of good service. The expert has been secured with the idea that Jacksonville housewives would like to know more about the electrical problems in the home. The actual experience that she has had in New York, Boston and other eastern cities will be of vast interest to Jacksonville women.

She will suggest changes in the location in order to secure the highest efficiency. She will also make suggestions as to the shades, and the convenient location of the switches, in order to turn off the light or part of the lights when they are not needed.

With Explain Use.

Miss Lippincott will be very glad to answer questions on the use of electrical appliances and she will take orders for them if necessary. But it is understood that she is not an agent and is not in Jacksonville in the role of an electrical appliance seller. That will only supplement her purpose to help solve the electrical problems. Many women would like to know how to handle electrical devices such as the chafing dish, iron, and other modern appliances. She will explain all of these, without any obligations whatever upon the part of the listener to buy. The management of the Jacksonville Railway & Light company are anxious that their patrons co-operate with them in this work. They believe that in bringing a woman electrical expert to this city that the housewives will be only too glad to receive the benefit of her knowledge and experience as regarding the use of electricity in the home.—Adv.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Stork.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibers and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distressing symptoms but assures a speedy and complete recovery for the mother, so that she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradford Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make your helpers in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

IN THE INTEREST OF GOOD ROADS

CITY AND COUNTY MEN HOLD ENTHUSIASTIC MEETING.

Principal Address by Abram D. Gash
Chairman State Highway Board—
Speaker Outlines Work in General
and Says We Should Plan for the
Year to Come.

Another important advance in the campaign for good roads in this state in general and Morgan county in particular was made yesterday at a meeting of the Morgan county road commissioners and clerks' association which was held at the Y. M. C. A. building at the noon hour when a splendid luncheon was eaten by nearly a hundred men.

The dinner was served by the Deacons and Elders circle and Mrs. J. W. Litter's circle of the Pastoral Helpers of the Central Christian church and was admirable. The service was prompt, the bill of fare superb and all pertaining to it was all that could be asked. Mrs. J. G. Strawn was chairman of the committee in charge.

People generally are familiar with the Tie law which is designed to advance the cause of good roads and to that end a state commission of three men has been appointed and consists of Messrs. Abram Dale Gash of Chicago, president; S. E. Brandt, a banker of De Kalb, secretary, and Hon. James P. Wilson, a farmer of Iolo, Ogle county, third member. It was the desire of the county organization to get the two bodies together and to that end application was made to the governor for a visit by Mr. Gash.

An organization of highway commissioners of the county has been formed and the greater part of those officials have enrolled their names and joined in the movement for improvement of our common highways and especially in this county.

Many have been active in this work, but it is not more than just to mention especially the fine work done by Messrs. A. L. French and Frank J. Heinl in this connection.

They have labored constantly for this cause and deserve credit for it.

A. L. French presided at the meeting and requested A. C. Rice to invoke the divine blessing and then all proceeded to enjoy the good things set before them. At the close of the feast Mr. French said he was indeed glad to see such a fine meeting of the organization of the highway commissioners and clerks of the county who were united in the movement for good roads. This gathering was for the purpose of getting together and discussing the situation and he was proud to see so many on hand. He hoped all who had not joined would hand in their names to Charles Strawn, the secretary, and aid all that was possible. Next spring he wanted to see a luncheon enjoyed by 500 persons and he was sure the country would furnish half if the town would supply the other half.

J. J. Reeve Speaks.
He then called on J. J. Reeve, president of the Chamber of Commerce, and asked him if the city could be relied on for the 250 diners. Mr. Reeve said that was easily answered. Offer men something good to eat and they would turn out, only evening was better for city people than daytime, when they are more likely to be busy. He tendered the greetings of the Jacksonville Chamber of Commerce and assured the gathering that that organization would co-operate heartily in all that pertained to the general welfare. We pay taxes because we must, but public service should be cheerfully rendered. We pay our part of the public expenses and should get what we can in return, but have no right to draw out more than we put in. The Chamber of Commerce is ready to aid in all good works. Good roads and intensive farming are among the prominent topics before the people today and the Chamber of Commerce may be relied on to do its full share.

Frank J. Heinl.
Frank J. Heinl, chairman of rural affairs in the Chamber of Commerce spoke next. He said the gathering was highly gratifying for it showed a disposition to get together. The prosperity of the city depends on the county for this is an agricultural community. Three things are all important: better schools, better roads and better agricultural prosperity. These three go together and you cannot have the last without the other two. The boy must have his foundation for prosperity in a good school. The county should get aware, organize for the one purpose and then pursue it diligently. If we unite in a long pull, a strong pull and pull all together we may accomplish much.

A. D. Gash's Address.
The principal speaker, A. D. Gash, was then introduced. He paid a glowing tribute to the dinner and warmly commended the good ladies who had prepared it. Of his remarks a short outline is given.

It is a pleasure to be here and assigned to this city. I can speak in five different languages, Missouri, Kansas, Colorado, Massachusetts and Illinois and shall use the latter today. Our state road law is a good one and I feel certain the farmers of the commonwealth will unite in upholding it. The movement for good roads is becoming general and so our state is behind, for while in some respects we are third in the union, in roads we are 24th. Wisconsin has 20 per cent good roads, Kansas the same, Ohio 28 per cent, Massachusetts 50 per cent and Indiana has 25,000 miles of hard roads.

Two Roads in County.
The counties should have two roads running the length of the county and as many side roads leading to them as practicable. The tax,

the automobile for two years will be about \$800,000 and general taxation, \$300,000 so that in all \$1,100,000 will be available. This is allotted to counties for improvement of country roads only and though cities pay so large a portion of the taxes they must pay for their street paving themselves by especial taxation.

Now any county paying forty per cent will have 25 per cent returned for local road improvement. Of the taxes paid, Cook county pays 43.70 per cent and the state as much more so that only a small amount is left for the farmer. Six cents an acre on the land in the county for fifteen years would pay the farmers' part and then we would have a system of roads of which we could be proud.

The material for hard roads is brick or concrete and when properly constructed will be very durable and when laid by state aid they will be maintained by the state. It is useless to talk of good roads unless they are thoroughly drained.

Some counties are not willing to wait fifteen years but are issuing bonds so as to construct the roads at once and pay off the bonds within fifteen years.

On side roads prison labor has been employed with good results. It has placed a ray of hope and a dawn of manhood in the convicts and not one of them has betrayed the trust reposed in him. The law only permits the use of men whose sentence will expire within five years but I think it should be extended to all. The Joliet warden said he could select lifters whom he could trust to go to China and return to the prison. These men cost the communities using them 50 cents a day, freight on crushed rock used and cost of freight on tools and expenses of civil engineers.

Permanent Good Roads.

The only permanent good roads are such as are made with concrete foundation, sand cushion and concrete or paving brick top. These cost about ten thousand dollars a mile for concrete and a thousand dollars a mile for each foot of width of brick; that is ten feet wide would cost \$10,000. A few years ago the state voted \$25,000 to improve a canal which would hardly benefit you men here at all; I would far rather see that money used for good roads.

It has been well demonstrated that macadam will not do for automobiles for they loosen the top and scatter it to the winds. I want to see the general government take a hand and help construct good roads as well as pay so much for rivers and harbors. Your uncle Samuel will take toll of all ships except his own men of war passing through the Panama canal and he will do right. I want a good road so that I can take my wife and children in my automobile, drive from my Chicago home to this place and make you a visit.

When the state undertakes to aid it asks the county to say what kind of roads it wants and then there is no backing out.

At the close of the address, on motion of Charles S. Black, vote of thanks was tendered the speaker and the ladies who had prepared the fine dinner. The meeting was enthusiastic and in every way was a fine success.

The following were among those present.

A REMARKABLE FREAK.
Mr. Gash who spoke on behalf of good roads yesterday told of a remarkable man whom he knew some time since in Missouri. He said the man would take a newspaper, scan a whole column in the time it would take an ordinary person to read a small part of it and then stand up and repeat the whole verbatim. He had seen the man do it repeatedly and knew it was no hoax and the freak said he could take a whole page and do it the same way.

The man went from place to place earning enough to keep him and that was all he made and all he wanted. He had no family and seemed to enjoy life in a wandering way.

FALLING HAIR MEANS

DANDRUFF IS ACTIVE

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.
Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; or dandruff—that awful seurf.
There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time will surely save your hair.
Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Adv.

We suggest this arrangement for your new bathroom

BRIDGEPORT PROCEEDINGS
TAKE AN UNEXPECTED TURN

Counsel for Charles S. Mellen Enters Motion for "Discharge of the Prisoner"—Judge's Decision Tuesday.

Bridgeport, Conn., March 12.—Proceedings against Charles S. Mellen, former president of the New York, New Haven & Hartford railroad, charged with manslaughter as a result of the Westport wreck in 1912, took an unexpected turn in the superior court today when counsel for Mr. Mellen entered a motion for the "discharge of the prisoner at the bar."

States Attorney Judson did not anticipate this procedure. He was prepared to ask Judge Tuttle for permission to file new information against Mr. Mellen this being made necessary because the court had previously sustained a demurrer that there was insufficient information in the original complaint.

Judge Tuttle, after hearing oral arguments on motions for discharge of Mr. Mellen and for the filing of an amended complaint order briefs filed and announced he would render his decision next Tuesday.

Medical Society in MONTHLY MEETING

Program Held at Medical Library on Hospital Care of the Sick."

The March meeting of the Morgan County Medical society was held Thursday evening in the Medical Library rooms with a good attendance. The subject was "Hospital Care of the Sick" and two well prepared papers were read followed by general discussion. Dr. C. R. Lowe of the Jacksonville State Hospital

read a paper on the care of the sick in general hospitals, was discussed by Dr. Carl E. Black, who read a paper and by Dr. E. L. Crouch, who opened the discussion.

There was present as the guest of the society, Dr. Charles Dewey Center of Quincy, counsellor for the 6th District of Illinois. Dr. Center made the Morgan county physicians a very pleasing address, speaking of the work of the state society and of the proposed changes in the constitution and by-laws. His visit to the city was appreciated by the physicians here, coming as it did, as an entire surprise.

MEREDOSIA STORES
WERE BURGLARIZED.

Goods Taken From the Stores Wednesday Night.

Wednesday night predatory rascals entered three stores in Meredosia and managed to get away with a lot of goods. Henry Berger, B. C. Field and Edward Geiss were the sufferers and the last named lost the most. No one was aware of the burglaries till yesterday morning when the stores were opened. Mr. Geiss lost some Ingersoll watches, seventeen pairs of shoes, some duck trousers and 32 pair of kid gloves and an overcoat. The men were prepared to carry the shoes as the latter were removed from the boxes which were scattered about the room.

Mr. Berger lost about \$20 worth of goods, but the Fields drug store seemed to contain little that was attractive as they took only some pocketbooks, which they left scattered about the yard.

The Strumper bloodhounds were sent for at Springfield and were expected last evening to help in the search for the robbers, of whom no clue exists.

WAS VICTIM OF FIRE.

John B. Snell returned from St. Louis Thursday and while there went over to the building of the Missouri Athletic Club, which was recently burned, with a big loss of lives. Among those mentioned in the Journal as missing was that of Frank Albright, a travelling salesman for a St. Louis Dry Goods house, who made Jacksonville regularly. Mr. Snell stated that those who were searching for him thought his body was on the fifth floor and that floor has not as yet been uncovered.

It is the common belief that he was one of the victims. C. C. Phelps of the firm of Phelps and Osborn, with which firm Mr. Albright did business and was well known received a letter from the company in which they stated that he could not be found and was undoubtedly burned.

Mr. Albright was in Jacksonville last Thursday a week ago and from here took a short business trip to Pittsfield. When he returned he went to St. Louis and expected to come back here. His trunks are still at the Pacific hotel.

It will be noted in the Associated Press despatch of late last night that the body of Mr. Albright has been identified by his brother.

MORTUARY

Carter.

Mrs. Hannah S. Carter died Thursday afternoon at 1:40 o'clock at the residence of her son, George A. Moore, 645 East State street.

Mrs. Carter, whose maiden name was Hannah S. Boothroid, was born in Sheffield, England, eighty years ago and had resided in Jacksonville since 1871. She is survived by two sons, George A. Moore of this city and W. H. Moore of Peoria; two grand sons, James E., and A. G. Moore of Peoria and three great grand children, Barnard William Moore, James Albert Moore and Mary Moore. W. H. Moore and family of Peoria are in the city, called here on account of Mrs. Carter's illness.

The deceased was a devout member of the Centenary Methodist church and her entire life exemplified her religious teachings. She was a woman loved and admired by a wide circle of friends.

Funeral services will be held Saturday afternoon at 2 o'clock at the residence in charge of Rev. G. W. Flagg and interment will be made in Jacksonville cemetery.

FUNERAL SERVICES HELD FOR MRS. C. F. BROWN

Dr. A. B. Morey Speaks Tenderly on the Subject of "Mother"—Burial in Diamond Grove Cemetery.

Funeral services for Mrs. C. F. Brown were held at 2:30 Thursday afternoon from her residence, 710 West College street, in charge of Rev. A. B. Morey. "Mother" was the subject of the talk by the pastor and the many friends who were present to pay loving respect to Mrs. Brown were especially impressed with the sympathy and tenderness with which he handled this sacred theme. Especially touching were the words of the song by Miss Mabel Mathews, "Nearer, My God, to Thee," the singer being accompanied by Miss Inez Huckabee. The bier was graced by a profusion of beautiful flowers which were cared for by Miss Upham and Mrs. Scott Russell. The interment was made in Diamond Grove cemetery, the bearers being R. P. Joy, George L. Merrill, Frank T. Irving, Julian P. Lippincott, L. S. Doane and L. R. Penfield.

"In the whole number of human experiences nothing is harder to bear than the passing of a mother," said Rev. Mr. Morey, who preceded his remarks with the reading of some favorite passages of scripture. "When my own mother passed beyond I wondered if ever again I would be permitted to clasp her hand, to meet and converse with her and know her as my own and I searched the scriptures for comfort. I sought until I found a foundation for the faith that bade me realize the promise of eternal life. I read into the Word a new meaning and comprehended as never before the everlasting promises of the Life that never ends.

"Death brings rest, and who is more deserving of rest than the toiling and sacrificing mother? She needs rest after a life of trial and in the consciousness that she has found it, we may be content. Rest is not meant inactivity, but freedom from petty care and change of occupation. She has taken off her crumbling shackles of flesh and for ages and ages may toil and labor in the service of her Lord without pain and without fatigue. She can serve her Master without the hindrance and vexations that come to vex us here.

"And then there comes the thought that she is going home and there is no one who can appreciate home more deeply than a mother. Home is her natural place and her own dominion. A reward no higher can we ask for a true mother than a perfect home to be hers to enjoy for ever and for ever and it is to this home in heaven that the loved one has gone who lived and suffered with us here as she fitted herself to enjoy the restful haven over there."

FARMERS ARE STEADFAST IN REFUSAL TO COMPROMISE

ELGIN, Ills., March 12.—Farmers were advised today by officials of the milk producers association against accepting the average price of \$1.34 1-6 a hundred for milk and against signing contracts at those figures. Many of the farmers are declared to have signed an agreement giving the officers of the association power to act as their agent in obtaining a price. The officials were firm today in demanding \$1.50 1-2 a hundred pounds.

Meetings were held today in various towns in the Chicago district which are affected by the price and it was reported the farmers were steadfast in their refusal to compromise.

Hearne, Texas, March 12.—William Williams, a negro charred with shooting and wounding J. R. Robertson, a plantation manager, near here today, was captured by a posse of citizens early tonight and hanged. Robertson probably will recover.

THE NEW HAVEN TANGLE.

Washington, March 12.—The delicate task of "untangling" the New Haven railroad system will be taken up at the department of justice again tomorrow at a conference.

Chairman Elliott and counsel for the New Haven have announced their coming and it was expected tonight that the conference would bring about a final decision on some of the phrases of the problem which have so far proved stumbling blocks. Since the last conference here the demands of the department have been laid before the New Haven board of directors but no complete report of the board's reception of them has been received. On the eve of the conference it became apparent that plans for a peaceful dissolution were in danger and that upon tomorrow's events probably depended whether Attorney General McKeynolds would feel compelled to file a suit under the Sherman anti-trust act.

WELL ATTENDED READING AT PUBLIC LIBRARY

The reading in the audience room of the public library Thursday afternoon by Miss Helen Allen of the expression department of the Woman's college, was excellently attended, auguring well for the series on Thomas Carlyle's "Heroes and Hero Worship," of which this reading was the first. Miss Allen gave a short sketch of the book as a whole and spoke briefly of the life of the author after which she took as her theme "Hero as Divinity," based on the story of Odin and the old Norse legends.

WHITE HOUSE WEDDING.

Washington, March 12.—Prospects of another white house wedding became more definite today with the persistent renewal of the report that Secretary of the Treasury McAdoo and Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson were engaged, the marriage to take place in June.

GRAIN DOCKS DESTROYED.

Portland, Ore., March 12.—Portland's harbor front suffered the most devastating conflagration in its history early today when two mammoth grain docks, laden with wheat, were destroyed, two large vessels ruined almost beyond repair and a dozen buildings damaged.
